

The not so distant past:

I trusted GOD and not the world's ways, knowing God would show me a way to rank high in the search engines. Sure enough God Almighty showed me a better way in creating web sites so they would get found. I trusted in God who is trustworthy and he is bringing me traffic to this site from all over the world.

This ministry has been put together with pension money, and all the love left in me. To date, November 19th, 2009, I have been working on this site for a little over a year. I have overcome imprisonment, insanity, and the area that really hurts is my finances since I got scammed multiple times when I was severely mentally ill. Things have been real tough, but I trusted in Jesus who is rebuilding my life. Bear in mind, this is a one man operation, done in just over a year's time! This ministry has been next to impossible but I press on! If you think something like this is easy it ain't...!

Dreams don't happen instantly, and dreams often come at a price, and to be honest with you, this ministry isn't cheap. If you like what I have created, then click here to learn where I have been as nothing has been easy.

One word about some of the sites I have created are the money making sites. These are the computer site, and health sites. These two sites I created to earn money so I can buy better software and things I need to include pay per click advertisement and more, and eventually perhaps even a new computer. I work hard, struggling mostly to survive and yes even driving traffic to my web sites from all over the world. GOD bless all of you who come to these sites and I hope you gain something from them. I spend unknown amounts of time, money and energy trying to create an experience people will enjoy most of all gaining the knowledge of a risen Savior LORD Jesus Christ. In honoring GOD please do not make purchases on this site on the Sabbath day, which is Saturday. I figure if we can all honor GOD in righteousness GOD can honor us in our lives.

The Reality of this Site:

This site was created out of pure love of Jesus. It has taken unknown hours on end working day and night. I have worked in hardships and even when poor and out of food. I have worked through difficulties, struggles and now I triumph through Jesus Christ. I can tell you this that the good LORD answers prayers but He took a while. This site has expanded beyond my borders and far beyond my wildest dreams. Satan has done his all to stop this ministry robbing finances, hurling temptations, and for a time in my life even producing insanity. This ministry is standing the test of time and has been formed out of the lowest poverty and stands strong a beacon to let others know you can overcome the

impossible and do anything with Jesus in your corner with you. If you have a dream pursue it because no matter your condition, whether financial or otherwise, if the LORD has a plan for you, GOD will cause it to happen. (Jeremiah 29:11-14) For I know the thoughts that I think toward you, saith the LORD, thoughts of peace, and not of evil, to give you an expected end. Then shall ye call upon me, and ye shall go and pray unto me, and I will hearken unto you. And ye shall seek me, and find me, when ye shall search for me with all your heart. And I will be found of you, saith the LORD: and I will turn away your captivity, and I will gather you from all the nations, and from all the places whither I have driven you, saith the LORD; and I will bring you again into the place whence I caused you to be carried away captive.

2010 A better future:

2009 was another one of the worst years of my life. I literally ripped the calendars off the wall and threw them in the trash not wanting to even catch a glimpse of just how bad the year turned out for me. The year 2009 was horrific and at one point I even wanted to end it all. I Googled "does God love me" only finding cruel and harsh mis-truths so I created my own site "does God love me?" or you can reach it from the link above or here, "you are loved." In 2009 I had a new years party and tried my best to declair victory over the new year but it soon became a cursed year. This year I have made no declairations or held a party or tried to manipulate God Almighty into blessing me in some shape or form. After several powerful dreams I awoke only to later hear gunfire as a reminder that the old had expired and the new year has come. While there is no boastings of predicdtions for this new year I know for a fact I have sown good seed and planted a good crop, so by all means harvest time should be on its way. With that said it has nearly been 12 years since the exact date my life took a sour plunge for the worst back in June 1998. Twelve in biblical numbering stands for a new beginning, and it fell on the date of the blue moon. With all that said:

GOD BLESS YOU IN THIS NEW YEAR!!!
