

The Dented Can Store...

I went to the dented can store.
I wanted some expensive food but that I could not afford.
Steak and chicken, milk and eggs.
I can't afford them I've siphoned my account to the dregs.
I looked around in the bargain bin.
I saw some products in the cart I threw them in.
This is the store I can afford.
The merchandise was abused so I shopped for more.
Prices were cheap so I could buy.
Got ta do somethin ta stay alive?
Food is a requirement.
Though I think of all the money spent.
I may not have a pizza or a juicy steak.
I don't have ice cream, couldn't afford the chocolate cake.
I sit here and think.
So many others don't have money in their pockets to go clink.
Having two pennies to rub together.
They say in GOD we trust and I want to live forever.
So I walk around.
I Keep an eye out for pennies on the ground.
I pick them up and put them in circulation.
With them I know I can't afford a vacation.
To me they are gold.
Not on our new dollar but on the penny good words are told.
I see the words, "In God we trust" written on them.
It may be just a penny but to me to step on it is sin.
See it's what we trust that really amounts to something.
I serve Jesus, my God is my King.
Some people buy things they can't afford.
But I have been baptized in the name of the LORD.
Even if I were rich I would still enjoy the dented can store.
Because I will never forget the value of GOD just left alone on the floor.

We don't always have the things we can afford. Sometimes we want something but our wallets just won't allow it. That will not be a problem for certain Christian materials.
